KEY SKILLS

- Quick Learner
- Flexible
- Team Player
- Courageous

INTERESTS

- Swimming
- Video Editing
- Exploring new technology
- Making
- Riding Bikes

PROJECTS

BPos:

- Objective of this project is to make digital payments better by providing an option of tracking GST details through the QR code.
- The QR code generated will be dynamic and will have different attributes.
- This solution can be integrated to any existing billing pos or any simple barcode scanner.
- Proposed this idea for hackathon in Ezetap.
- This has a potential to be integrated in other products of Ezetap.
- This may be going to production soon as the founders took keen interest in the idea.
- Also created a rest Api and an application using flutter as POC.

EDUCATIONAL QUALIFICATION

B.Tech (Computer Science and Engineering)   2015 - 2019

SRM Institute of Science and Technology

UG % - 77.23
